Certis Europe

Contact Details:

Robert Lidstone, Marketing Manager

Certis, 1b Mills Way, Boscombe Down Business Park, Amesbury, Wiltshire SP4 7RX

Tel: +44 (0) 1980 676 556

Email: lidstone@certiseurope.co.uk

At the core of the business lies a range of crop protection technologies to support growers from soil preparation through to harvest. Potatoes are a key crop sector for Certis and our range of solutions for growers is extensive and increasing. The Certis range includes soil fumigants, conventional and biological pesticides and beneficial insects, as well as pheromone-based trapping and monitoring devices. Residue reduction is a critical issue and Certis is committed to developing innovative products and strategies to enable growers to achieve effective residue reduction.

Crop Solutions Ltd

Contact Details:

Ian Campbell

Crop Solutions Ltd., Algo Business Centre, Glencairn Road, Perth PH2 0NJ

Tel: +44 (0) 1738 450 437

Fax: +44 (0) 1738 450 407

Email: info@croptionsolutions.co.uk

Web: www.croptionsolutions.co.uk

Crop Solutions Ltd. are one of the UK's leading suppliers of High Quality Insect Net, Bird Net, Fleece, Groundcover, Pegs and Crop Cover Machinery. This is our first year exhibiting at Potatoes in Practice and we will have our brand new Patented Crop Cover Rolling Machine which has just been launched.

The machine is unique as it can unroll all types of new fleece, polythene and insect net. It can roll them onto a metal core for reuse the next year. It can roll them off these cores. However, it can also roll up crop covers for disposal and recycling by using our new removable core system.

It has the capacity to roll up over 20,000m² of crop covers onto a single core. It has a hydraulic headstock and can handle cores from 1m to 5.2m wide and weighing up to 1000kg.

Mearns Tractors Ltd.

Contact Details:

Colin Duncan, Sales Manager

Mearns Tractors Ltd., Alma Place, Laurencekirk AB30 1AL

Polar Insulation Ltd.

Contact Details:

Richard Russell / John Russell – Directors

Polar Insulation Ltd, 12 Reres Road, Broughty Ferry, Dundee DD5 2QB

Email: info@polar-insulation.com

Tel: +44 (0) 7818 064 907 (Richard) or +44 (0)7890 591 116 (John)

Web: www.polar-insulation.com

Polar Insulation Limited is a Dundee based, family run company. We specialise in the application of high performance in-situ PUR Insulation, also known as “spray foam”. Our range of bespoke activities include: Agricultural – Crop/Livestock Storage; Domestic – Cavity wall/Roof space; Marine – Fishing vessels; Commercial – Government/Corporate. As part of our **free survey service** we provide U-value and condensation risk reports enabling you to get the best thermal insulation, draught proofing and building stabilisation in one application.

Maximise your energy and CO₂ savings. Overcome structural problems with roofs and cavity walls. The unique combination of high insulation and low air leakage values means that a **3-5 year pay-back period is typical**.

Ventus Green Energy Ltd.

Contact Details:

Stuart Templeton, Business Development Manager
Ventus Green Energy Ltd., New Intax Farm, Newmilns KA16 9LJ
Web: www.ventus-green-energy.co.uk

Ventus Green Energy provide energy efficient renewable energy products and services making these technologies both easy to understand and affordable to install. Our range of advice will cover each stage of the installation process starting with an initial discussion and site survey, followed by advice on available grants and applying for planning permission if required. Whatever your renewable related query, or requirement, our website will provide you with the information, products and services you need.

Yara UK Ltd.

Contact Details:

Neil Thomson, Area Manager
Yara UK Ltd., Immingham Dock, Immingham, NE Lincs DN40 2NS
Tel: +44 (0) 7827 158 153
Email: neil.thomson@yara.com

Yara (UK) Ltd will be exhibiting products from their extensive range of crop nutrients specifically manufactured for use on the Potato crop. These will include both solid and liquid products and a range of micro-nutrients for foliar application.

Yara will also be offering the services of its Lancrop laboratory at Pocklington where they can quickly and accurately complete soil tests, including PCN testing, tissue and petiole analysis. This facility enables Yara to recommend a tailor-made nutritional regime to suit the professional Potato Grower.
